# Requirements

- State requirements are that birds come from a NPIP clean flock or have been NPIP tested within 10 days of the show. AI is **not a** requirement in the State of SC. Paperwork is required at check in, all birds NPIP numbers must be listed on a movement form, that the club will provide in the premium book. If a state does not offer leg bands, the Anderson club can put SC NPIP bands on at the door. The SC vet's office is always willing to answer any questions that an exhibitor may have.
